EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Laura Dable on October 23, 2006.

The application has been amended as follows:

In The Claims

Claim 6, line 5, before "anchor" insert --adhesive coated--.

Reasons For Allowance

The following is an examiner's statement of reasons for allowance: The closest reference is that of U.S. Patent No. 5,843,025 (the '025 patent"), having an issue date of December 1, 1998 and a filing date of April 23, 1996. The '025 patent is a CIP of U.S. Patent Application Serial No. 08/428,887, which had a filing date of April 25, 1995. The '025 patent discloses adhesive anchors (5) for application to the skin and external arms (3) for direct adherence to the anchors for securing a dressing in place (Fig. 1). Also disclosed in an alternate embodiment are adhesive anchors and a dressing having coextensive arms attachable to the anchors. These anchors keep the dressing in place on the user.

The features not taught by the '025 patent, as well as the remaining prior art of record, are the steps of "coupling a marginal area of said first anchoring structure to a marginal area of a first elastic member", "coupling an oppositely disposed marginal area of said first elastic member to a first end of a bandage structure", "coupling a second end of said bandage structure to a marginal area of a second elastic member", and "coupling an oppositely disposed marginal area of said second elastic member to a marginal area of a second adhesive coated anchoring structure ".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
